School of Criminal Justice Career Fair 2021

Student Feedback

"Working with the Career Services Office was essential to restructuring my resume, which helped land an internship opportunity. Mandi taught me the importance of showcasing my transferable skills on my resume to get the interview to speak with employers and explain my broad knowledge in the Finance industry. I recommend students of any year to utilize their services and go to career fairs to have a competitive advantage for post-graduation job search."

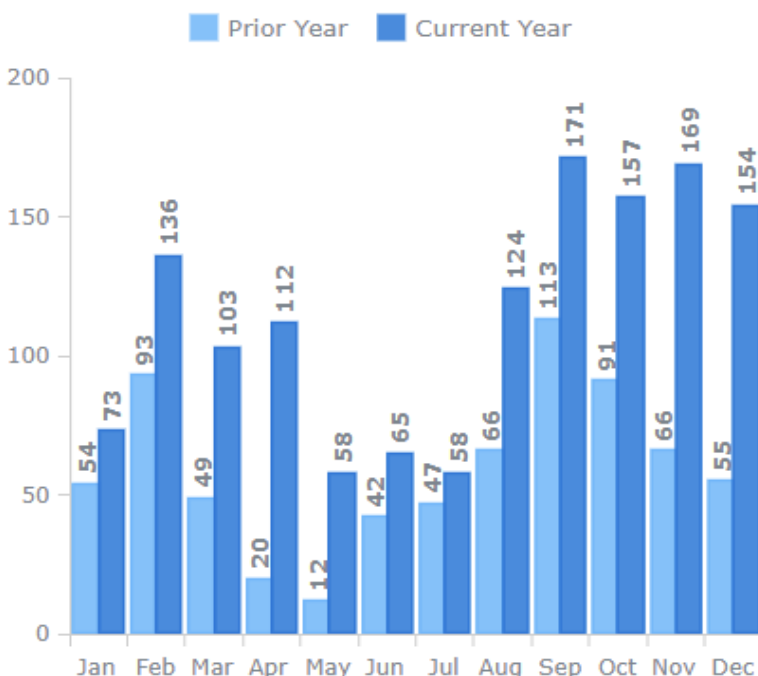

{Jeffrey Lewis, Senior - Landed an internship with Tiffin University's Business Office}

"One of the most underappreciated offices on campus is the Career Services Department. The Career Services Office is a free resource that students should learn more about themselves or require help obtaining a job (even after graduation). I believed that Career Services only offered resume evaluations and practice interviews. However, this is not the case. Mandi Hummel and the Career Services staff have assisted me with my résumé, career guidance, salary negotiations, a LinkedIn makeover, and even professional growth. I want to thank both Mandi and the Career Services team."

{Briana Streib, Senior-Landed Job Offer with Third Street Family Health Services}

Employer Feedback

"Thank you for inviting us! One of the best Career Fairs I've attended! A lot of student interaction, great venue, easy to park, friendly staff. Well done!"

{Sgt. Sarah Genzman, Natural Resource Officer - Attended school of Criminal Justice Career Fair}
